DISABLED SHIP ABOUT SEAArmy Officer's Wife Only
One to Suffer Any Ill
Effects.New York, Jan. 24.—Bringing safely
back to port the 271 passengers of the
luckless transport Powhatan as well as
the last contingent of American troops
in France, the transport Northern Pacific
docked at Hoboken today.Although they suffered from the cold
while the leaking Powhatan was tossed
about on a raging, storm-swept sea far
off the Nova Scotia coast, the passen-
gers here bore their discomfort without
complaint and were rather inclined
to treat it as a lark. Only one of them
was ill when the Northern Pacific
reached here. That was Mrs. John
A. Worden, of McKinney, Texas, wife of
a lieutenant colonel who is attached to
the American legation in Paris, who is
suffering from a light attack of pneu-
monia. She was traveling with her
three children but none of them is ill.The transfer of the passengers, who
included eleven women and eight chil-
dren was made without incident or ac-
cident late Thursday. The perilous task
was begun at 7 p. m. and was finished
three and a half hours later. Advantage
was taken of the first calm sea after the
vessel sprang a leak last Sunday.The civilians on the disabled trans-
port were praised for their calmness
and courage by many officers who
were their fellow passengers. The pluck
of the women was praised especially.
When they went aboard the Northern
Pacific they were laughing and singing
and showed few signs of the hard-
ships they had undergone.When it was found that the pumps
of the Powhatan could not keep down
the water which was flowing into the
ship, the passengers were not kept in
ignorance. Captain Randall called
them together before dawn Sunday
morning and explained that something
had gone wrong with the ejector which
sends ashore and ashore from the en-
gine room into the sea. He assured
the men and women gathered about
him that there was no danger and
they took him at his word. There was
no sign of a panic then or afterward.
Then the water rose until it flooded the
engines, putting out the fires and leav-
ing the ship without heat or light with
a tempest raging. The passengers took
their discomfort philosophically. They
seemed to place every confidence in the
seamanship of the captain and crew.It was impossible to serve them even
hot food but the coffee did the best they
could and the coffee was at least lukewarm.The storm-bound company made a
joke of its troubles and refused to take
them seriously until Sunday night when
a still heavier storm blew up and there
were many cases of seasickness. They
were again reassured by Captain Ran-
dall, who told them rescue ships were
on their way and that there was no
danger of the Powhatan going down for
days even if help did not arrive and
the storm did not abate.Among those taken off the Powhatan
were:
Miss Edith Gardner, army nurse.
Mrs. J. Gayle, army nurse.
Mrs. Maude I. Freeman, wife of
Captain Freeman, of San Antonio,
Texas, with two children.
Mrs. Margaret B. Shipp, of Raleigh,
N. C., accompanying her son, Captain
William E. Shipp.
Mrs. E. D. Wren, with three children.
Mr. and Mrs. Fayette Walport, of
Cleveland, Ohio.
Miss Dorothy M. Dunn, army nurse.12 HIGHWAY JOBS

SPREAD IN CHICAGOChicago, Jan. 24.—Influenza and
pneumonia continued to spread in Chi-
cago today at the rate of more than
2000 new cases every 24 hours after
having established yesterday a high
death rate record for the present epi-
demic. One hundred and one lives
was the toll of the disease. Predictions
of the city health commission today
assumed a pessimistic tone.The contagion probably will con-
tinue until it has hit every person who
is not immune to it," he said.Industrial establishments began to
report seriously depleted working
forces, some as much as 10 per cent.
Health authorities still were struggling
with a serious shortage of trained
nurses.Efforts for better sanitation in res-
taurants and for more heat in sur-
face and elevated cars were renewed.
The mayor was requested to revoke the
license of a number of restaurants and
other places for "general unsanitation"
which the health commissioner
said was aiding the rapid spread of
influenza.NAVY PHYSICIAN
FINDS FLU BUGLieutenant at Great Lakes
Station Says Its Smaller
Than Tubercular Bacillus
and Grows in Bunches.Chicago, Jan. 24.—Dr. Earl C. Carr,
senior grade lieutenant, in charge of
the main laboratory at the Great
Lakes naval training station, has isolated
the influenza germ, he announced
today."It is the real influenza bacillus dis-
covered by Pfeiffer in England," Dr.
Carr said. "I took the sputum from a
person near death from influenza,
washed it in a salt solution, placed it
on the blood media, picked out the in-
fluenza bacillus colonies and transfer-
red them to a separate media. There
can be no doubt about it."The bacillus is very small, about
one-fourth the size of the tubercular
bacillus. It is non-motile, and grows in
clumps. The presence of this bacillus
makes people just as sick as they were
last year and in my opinion the death
rate per thousand is as high as it
was last year."Captain C. A. Butler, head of the sta-
tion laboratory, supervised Dr. Carr's
work.NO FLU HERE

Finds Only Ten Suspicious Cases.Newark has not a well confirmed
case of influenza. The office of the
health officer, Dr. W. H. Knass, made
a canvass of the doctors in the city to-
day to learn what the conditions were
here.All reports having numerous patients
who are suffering with heavy colds
and grip, and some of them state they
have suspicious cases. Some few
stated they had very light cases of in-
fluenza.About 30 of the city's physicians
were called upon for reports and al-
together there were only about 10 cases
that were even considered as showing
symptoms of influenza. There are
however numerous cold and grip cases
with throat affections.RELIGION IS NEED
OF CIVILIZATIONNew York Church Man De-
clares Effective Religion
Can Come Only Through
Strongly Organized
Church.Following the devastation wrought
by the great war, civilization demands
religion, Dr. William F. Weir, of New
York, declared in an address at the
men's supper at the Second Presby-
terian church last night. Dr. Weir in
his address, which was given before
the committee on Men's Work in the
Presbyterian church.In his address, Dr. Weir showed
from statistics that condi- "in Ger-
many before the war were worse than
in any other country. The percentage
of crime was 20 times higher, he said
than in any other country. This he
attributed to the failure of the German
church, and the substitution of philo-
sophy for religion.He declared that an effective reli-
gion was impossible without the church
and that the effective church needs a
strong organization of the men to
bring about an effective religion.

Address.Chicago, Jan. 24.—Former Governor
E. F. Dunne, of Illinois, protested
against the reported manner in which
Chicago authorities have proceeded
against radicals at a meeting attended
by 150 persons last night. Miss Jane
Addams of Hull House presided and
Professor F. Freund, of the University
of Chicago, also was a speaker.Mr. Dunne declared he was "forced
to protest at the occurrences which
press reports to have taken place here,"
and added:"If these descriptions are correct they
are plainly violative of the constitutional
rights of the people of this republic. A
law breaker in office is as dangerous as
a law breaker out of office."Professor Freund, who said he spoke
from the viewpoint of a constitutional
lawyer, expressed doubt whether the de-
portation proceedings "would stand a
test in the United States Supreme
court."A meeting of protest against depor-
tation of aliens was called for February
8.Virtually every radical advocate of
prominence in the United States today
was scheduled to face trial in Chicago.

11,000 Members.The local members of the American
Association of Engineers met in the of-
fice of county engineer with F. E. N.
Thatcher, promotional district sec-
retary of Philadelphia, Pa., and petitioned
the board of directors to form a local
club affiliated with the national organi-
zation. Clyde W. Irwin, county en-
gineer was elected temporary president
and Charles H. Wells, city engineer,
temporary secretary. Irwin appointed a
committee on membership and on by-
laws and just as soon as the authori-
zation is received from the national of-
fice a permanent organization will be
formed.The American Association of Engi-
neers is an organization of profession-
al engineers with national scope hav-
ing a membership of 11,000.It is the purpose of the local club
to take active interest in the civic and
affairs of Newark and Licking county
in addition to promoting the interest
of its members.The meeting of the club, according
to the rules of the national organiza-
tion will be open to the public and it
is the intention to have speakers on
subjects of engineering interests ad-
dress the club and the public from

FOR 35 BBL. BOOZEYoungstown, Jan. 24.—Federal author-
ities are still searching for 35 barrels
of whiskey, part of a lot valued at \$125,
and are expected to find it within a
few days. The whiskey was bound in
the federal warehouse yesterday, charged
with conspiracy to defraud the govern-
ment by shipping water for whiskey
before shipping the barrels to Canada.
Three caches of the transferred whiskey
have been located, totaling 50 barrels.
Three auto trucks were also confiscated.
The original barrels, which were found
full of water are held as evidence.SENATORS BLOCK
COMPROMISE PLAN
ON PEACE TREATYJohnson Leads Fight to
Cling to Lodge Reser-
vations.EIGHT DECLARE THEY WILL
NOT AGREE TO PLANClaim Enough Votes to De-
feat Ratification By
Compromise.Washington, Jan. 24.—Republican
senators met in informal conference
today to consider the procedure with
the peace treaty in view of the protests
against further compromise made yester-
day by the eight Republicans headed
by Senator Johnson of California and
Borah of Idaho. In order that the
Republican conference might proceed
freely Senator Lodge, the Republi-
can leader cancelled the meeting plan-
ned with the Democratic committee,
headed by Senator Hitchcock to dis-
cuss compromise reservations. Lodge
called a number of Republicans, in-
cluding those of the "mild reser-
vation" group to his office to consider
the situation presented by the threat-
ened defection of the Johnson-Borah
group.After the conference, Senator Lodge
announced that his informal com-
mittee on compromise would meet with
the Democratic committee again on
Monday.With its reported progress believed
to have been almost hopelessly blocked
as a result of the concerted protest of
a number of influential Republican
senators the fate of the senate leaders'
bipartisan committee negotiations for
a settlement of the peace treaty con-
troversy today hung in the balance.The Republicans numbering eight
and headed by Senator Johnson, of
California and Borah, of Idaho, have
served notice that they positively will
not agree to any modification of the
Lodge reservations, and have pro-
posed with a threatened split in the
party's solidarity as the alternative.In this attitude they claimed to
have the support of 20 other senators,
enough to defeat ratification of the
treaty if presented with the Lodge res-
ervations, compromised the reported
basis of the tentative agreement reach-
ed in the series of bipartisan com-
mittee meetings.Presumption of the bipartisan nego-
tiations postponed yesterday because
the Republican conferees, Senators
Lodge and New were called into the
meeting of the eight anti-compromise
leaders was scheduled for late this after-
noon. It was believed however that
the meeting again would be postponed
in order to permit Senator Lodge and
other Republican members of the com-
mittee to feel out the strength of the
new grouping.The meeting of the eight senators
was held yesterday it was explained by
Senator Johnson because of press re-
ports that the bipartisan conference
was nearing a compromise on the points
at issue in the majority party's list of
reservations, and it was desired to know
the basis of the proposed compromise.
Senator Lodge first was called in and
after a session lasting two hours Sen-
ator Johnson, a Republican member
of the Senate, called on the Democratic
committee, which was called in for
still another hour.NO CAUSE FOR PANIC
SURGEON GENERAL SAYSWashington, Jan. 24.—A thorough
report received by the public health
service in the last 24 hours showed a
gradual increase of influenza cases
throughout the country. Surgeon General
Blue today said there was no reason
"for the people to get panicky" and
that state and city health authorities
apparently had the situation well in
hand.Kansas City, Missouri, reported 40
deaths in a school there. The disease
is prevalent over the state. Other tele-
grams showed an increase in the num-
ber of cases at Ogden and Utah cities.
15 new cases in Wyoming, 60 cases
with ten deaths at San Francisco, and
additional cases in Connecticut. A
large number of cases of so-called
grippe in Montana; 1170 cases at Rich-
mond; increases in Oklahoma and a
few scattered cases throughout Wis-

tinct earthquake shocks were felt here
at 11:05 o'clock last night. The trem-
or extended through Washington
and British Columbia.At Bellingham, Washington, win-
dows were broken and brick walls
cracked. At Vancouver, B. C., people
rushed to the streets in alarm, but
the only damage reported was to tele-
phone lines. Victoria, B. C., and num-
erous towns in northeast Washington
felt the quake. No damage was re-
ported in Seattle.REED THROWS FIT

Herbert Hoover was one of the "eco-
nomists" between Colonel House and
members in the British government
during the negotiations preceding the
entry of the United States into the war,
Senator Reed, a Democrat, Missouri,
launched a vigorous attack today in
the senate against what he character-
ized as Mr. Hoover's "promoted boom
for president."A refusal to answer the question

Solidify Sentiment For
MonarchistsBERLIN MIGHT NOT GIVE
HIM UP TO ANSWER CHARGESPremiers Will Confer In
London Regarding Next
Move.Paris, Jan. 24.—Conferences between
Premiers of Great Britain, France and
Italy will be held before the next move
in the proceedings to extradite former
Emperor William from Holland is de-
cided upon, according to information
given the Associated Press by the
French foreign office.Whether the next demand for surren-
der will be the Hague or Berlin is
Berlin will be the main subject to be
determined.The next meeting will be held in Lon-
don, but as no date has been fixed and
the matter cannot be left pending a long
time, the foreign office expressed the
opinion that the question might be set-
tled through diplomatic channels be-
tween Rome, Paris and London.It is understood that at least one
premier is not sure as to asking Berlin
to call for the return of Count Holen-
zoller to Germany and then demanding
that Germany deliver him over to the
allies in accordance with provisions of
Article 223 of the treaty of Versailles.Sentiment in official circles here is
against such procedure as there is no
desire that the former emperor return
to Germany. It is doubtful whether
Germany would acquiesce and make rep-
resentations to Holland and it is also
problematic whether she would deliver
up the erstwhile sovereign in the event
she should get possession of him. It is
also feared the presence of Count Hol-
enzoller in Germany would solidify
the monarchist party which is reported
to be gaining strength daily.The refusal of Holland to sur-
render former Emperor William, of Ger-
many, to the allies has been given a
mixed reception by the newspapers here.
Writing in the Echo de Paris, "Pari-
nax" says he regards the punishment of
Count Holenzoller as a question of
"All things considered," he continues,
"the only thing remaining for us to do
is to come to an understanding with
Holland on the conditions surrounding
the internment of the former emperor,
in which some provision for allied sur-
veillance might be made. Undoubtedly
if William to relieve Holland of embar-
rassment, decides to cross into Ger-
many, the aspect of the question would
change, and we are not there yet."The Journal says that the matter has
become a purely political one and it is
for the allied governments to examine
the Dutch answer and decide upon the
next course to take.C. de la Vierge, editor of La Victoire,
thinks on the whole it would be better
"for the Kaiser to stop where he is."
"If Napoleon had been allowed to die
of cancer in America, the Napoleonic
legend, perhaps, would have faded
with time."The Petit Parisien goes to the other
extreme, saying:
"The right of asylum is only entitled
to respect if the person sheltered is
innocent of all crime, and such is not
the case here. History has never in-
volved if it favors one who has for-
feited honor. Holland sheltering be-
hind legal technicalities, avoids the
question of guilt, which is no longer
in doubt throughout the world."KAISER NOT SURPRISED
AT HOLLAND'S ANSWERAmerongen, Friday, Jan. 23.—Former
Emperor William of Germany, was not
surprised by the formal refusal of the
Dutch government to comply with the
allied demand for his surrender. It was
declared today at Bentinck castle, where
the ex-ruler makes his home. News of
the decision was first communicated to
the castle by the Associated Press cor-
respondent here.A refusal of extradition had been ex-
pected from the first, the correspondent
was told, but the castle's residents had
never been officially informed that such
a decision had been or would be reached.DUTCH EXPECT NO
ACTION BY ALLIESThe Hague, Friday, Jan. 23.—While
there may be a future exchange of
notes with reference to the allied de-
mand for surrender of the former Ger-
man emperor, the government of the
Netherlands is declared inclined to the
belief that the refusal will be consid-
ered as final.The Dutch press does not expect any
hostile action by the allied powers
and the government is believed to share
this view. On the theory that the de-
mand for the former monarch's extradi-
tion was made merely to satisfy some
political clamor in the allied states and
was not intended to be pressed by the
statesmen who signed it. The Dutch
people are not particularly happy that
the ex-emperor "sought refuge here,
but as far as the press indicates the
government's refusal to surrender was
what the people expected and wanted.

PROTECT YOUR CREDIT BY PROMPTLY PAYING BILLS

This is the last of the articles relating to Thrift Week secured by W. L. Grieser of the Y. M. C. A.

(By Sherman Baggs.)
One of the most important days of the National Thrift Week is "Pay Your Bills Day." Do most people fully appreciate the value of credit? If you are extended credit, that very fact is a declaration of the confidence of the man with whom you are dealing in you and in your promise that you will pay him. You do not wish to violate this confidence, this trust, for aside from the moral obligations your material welfare may be jeopardized by your failure to keep that promise, as is plainly illustrated by the following incident.

A young man in a certain town walked into a shoe store and bought a pair of shoes, and asked for credit. He was known to the proprietor and the credit was extended him. He was pleased with himself, so entered a clothing store where he purchased a suit, hat and some furnishings and again asked for credit and the favor was again granted. He continued his journeys from place to place, and from time to time, buying on credit, and being given it, because he was well known and popular. But he failed to respond to statements and consequently the credit bureau rated him as not paying his bills. Later he was offered an excellent position in another city. He wrote a letter applying for the position which impressed the firm favorably. They in turn wrote to a bank in his home city and the bank, looking up his rating, replied, "This young man is intelligent and bright, but we cannot conscientiously recommend him for his new position on account of his rating in the credit guide." He lost his chance at the new position and also lost a good deal of his prestige at home.

A very frequent danger in using the credit which may be extended you arises from the fact that because the actual money is not handled at the time the purchase is made, people sometimes lose sight of the fact that the day of payment must come later and obligate themselves for a greater amount than they will be able to pay. Be thrifty, if you are fortunate enough to have credit extended you, do not obligate yourself unless you are sure you can meet those obligations. When you promise to pay at a stated time, do not use your money otherwise, PAY YOUR BILLS.

MANAGE A BUSINESS OF YOUR OWN

\$500 - \$2000 CLEAR PROFITS EVERY MONTH

Everybody eats bread, pies, cakes and doughnuts every day. There is a big demand for bakery goods and it is rapidly increasing. Women are tired of baking. They are glad of the chance to buy fresh bread, cakes, etc., baked daily in a clean, modern bakery.

Groceries, Department, General Stores, Meat Markets—everywhere are successfully installing Century Bakeries. In addition to the profit on bakery goods, a Century brings many new customers to the store who become regular patrons for everything you sell. As a profit maker and business-getter a Century is without equal. You can install a Century in small space and at little expense. It will mean more profit from your business.

You don't have to be a baker. All you need is reasonable capital, good location and local credit. We supply everything you need, and send experts to teach you or an assistant, everything there is to learn.

THIS BUSINESS IS A DAILY NECESSITY. You don't have to solicit orders. The demand for bakery goods is established. It advertises itself. People must have your goods, they're never "out of style". Your customers are regular and they tell others. Your income is steady and sure. As for quality—we'll tend to that. We'll give you every help. Hundreds of others making big money. You can too.

Write at once for free details telling all about **FREE DETAILS** the Century Plan. We shall be glad to send them free without obligation. Write today. It's a new business. It's a cash business. It's a growing business and you know Business Wins.

Be sure to get real Resinol

If you want to get rid of eczema, pimples, or other distressing skin eruptions, you will accept no "substitute" for Resinol. Preparations similar in name or appearance are not "just the same as Resinol." Although a few unscrupulous dealers may offer them as for Resinol, they are often crudely made, of little healing power, and some may even be dangerous to use. Buy in the original blue package.

AD BRONCHIAL COUGH FOR 36 YEARS

Mrs. Bice finally stopped it, without changing climate.

"I had bronchitis for 36 years. When I was 2 years old, I had whooping cough and it left me in an awful state. I took hundreds of dollars worth of medicine, with but little relief. I had to sit up in bed all night and cough and choke until my eyes nearly burst out of their sockets. I could not afford to change climate.

"Finally my husband urged me to try Milks Emulsion, saying if I didn't stop my cough, he would get my money back. I tried it and have continued it ever since until now my bronchial tubes are free and clear and I can breathe with ease. When you think that I had this dreaded disease all my life, you can see why I want everybody to try Milks Emulsion."

Mrs. Anna Bice, 1431 Wendall St., Columbus, Ohio.

Sprays and gargles and local remedies do not touch a cough of this kind. The system must be built up to throw it off. Milks Emulsion is a pleasant, nutritive food and a correct medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

"This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take it for 30 days with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

TELLS OF WHIPPING POST ON NEWARK PUBLIC SQUARE OVER 100 YEARS AGO

Stories in manuscript form have just been made public, which were written by Henry B. Curtis, an attorney of Mansfield, who died in 1885. He lived in this city while a boy and in 1812 witnessed a public whipping in what is now the court house square. He writes: "I remember very well the whipping post on the public square in Newark. It was the center for our games to us school boys and afforded a test of agility in our trials to reach the great staple near the top.

"It was in 1812 that a poor fellow named John Courson was convicted of stealing some bags of flour from a mill. "He was sentenced to receive 50 'strips,' well laid on, as the law then required—five the next morning, 15 at noon, and 30 the following noon. George Allison was high sheriff and Andy Beard deputy.

"The whipping was performed by Beard under the supervision of the chief. A circle about 60 feet in diameter was drawn and a cordon established

that kept back the crowd that pressed to the line. The prisoner was brought out from the log jail and secured by his upraised hands to the big staple.

"The first blow of the 'cowhide' simply left a welt. 'A little harder,' said the sheriff, and Andy Beard marked the four succeeding blows in distinct red lines on the poor fellow's naked back.

"He received this first installment of his sentence without an audible groan; but when returned to the same position for the second, his utterances were heart-rending, and when returned to the prison his audible lamentation before another day was fearful and most painful to be heard.

"Yet he stood the whole punishment, receiving the following day the heavy remainder of the infliction, and returned to his prison with his back lacerated and bleeding from his shoulders to his hips. It was a painful and disgusting sight.

The remembrances expressed in flowers, cards and letters, Mrs. Baldwin and many other kind attentions have been so numerous and bountiful that it is impossible to acknowledge them only in this general way. 1-24-11

Milady's Boudoir

The Beautiful Skin. To have a beautiful, natural complexion is the longing of every woman and, in the absence of it, all sorts of artifice are resorted to in the attempt to improve its condition which, in many cases, work great harm. There are a great many preparations that are beneficial and help to beautify the complexion, but the one thing that should be borne in mind, is that the skin must be kept clean and the pores open so they can discharge the impurities of the body. Air, sunshine, good living, temperate eating are all great helps toward a clear, skin, and I do not mean just the face, but the whole body. The entire body should be bathed daily and the face twice a day, if not more. This cleansing permits the pores to act freely. Sunshine is good for the skin and so is fresh air. Both, united, have a tendency to give bloom and color to the face, and if the air and sunshine are taken early and regularly, before the air has lost its morning freshness, a beautiful bloom may be expected on the features.

Just as the body needs as drink of water, so does the face need its drink. It is accomplished as follows: Fill a bowl full of cold water, close the eyes, hold the breath and immerse the face deep down into the bowl. Hold it submerged as long as possible. Raise the eyes, contract the mouth and again submerge the face in the water.

This should be repeated six or eight times. The face should then be gently dried with a soft towel and patted for a few minutes. At this time it is possible, sometimes, to obtain snow. This is one of the best things to use for the skin, as of course, the snow is really frozen soft water. Fill a piece of cheese cloth with snow, hold the face over a bowl so as to catch the moisture that drips and pat the face gently all over with the snow. Keep the bag moving, never letting it rest in one spot for the face muscles must not get too chilled.

The Turkish mother loads her child with amulets as soon as it is born, and a small bit of mud, smeared in hot water, cures her of previous charms, is stuck on its forehead.

The CHENEY

A Master of Music

The Cheney Reproducer
Only one of a remarkable series of inventions in The Cheney.

So sensitive that it transmits perfectly the delicate overtones which give a production its individuality of tone.

As a result, Cheney reproductions bear striking fidelity to the original.

As the virtuoso finds in a score of music beauties overlooked by the ordinary player, so does The Cheney search out hidden loveliness in your records.

This master of music plays all records with a quality of tone unrivalled.

Like a rare old violin, The Cheney acquires richness of tone with its years of use. "THE LONGER YOU PLAY IT, THE SWEETER IT GROWS."

The new Printers team put in its
 first appearance in the Industrial league
 last night when it clashed with league
 leaders. Parkinson started for the new-
 comers and the entire pressroom team
 showed scrap. The indications are that
 these boys are going to give the second
 division teams a merry chase for lead-
 ership in this division. Every man on
 the railroad team registered during the
 contest with Goodwin again taking hon-
 or. The win last night gives the
 B. & O. squad a comfortable lead in the
 league and a good grip on the Macken-
 zie Trophy cup. Final score—B. & O.

Mary Pickford

In Her Third Picture From Her Own Studio

'Heart O' the Hills'

Adapted from the Famous Novel by John Fox Jr.

Directed by Sidney A. Franklin

Photographed by Charles Rosher.

"You dare to pull my hair," cries Mary Pickford, as the little mountain girl just starting to school. And Mary shows the boys she can fight with her fists for her rights. It is the inimitable Mary with her laughs and frowns and intrepid daring, in the story of the feudist fights of the old Kentucky mountaineers.

AMUSEMENTS

ALHAMBRA

"The Gay Lord Quex." Mrs. Viola Crawford, one of the women in Tom Moore's latest Goldwyn production, "The Gay Lord Quex," was cast in a unique way. She had toured to California from New Orleans with a party of friends, and was visiting the Goldwyn studio when Casting Director Robertson spied her at the railing. "Take off your hat, please," was his greeting. She smilingly complied, and was immediately chosen for this picture, with instructions to report at the studio at 8:30 the following morning. To the astonishment of her friends, she agreed to be on time and kept her promise.

Tom Moore is screened in this feature tonight for the last time. This together with Prizma, Current News, etc., make up a most pleasing program.

Industrial Film.

The Alhambra will have an extra added feature for four days commencing tomorrow in The Tisdale company's Industrial Film of Newark, showing many of Newark's principal factories, stores, etc. This is said to be one of the best features of the kind ever shown in Newark.

"The Phantom Melody."

Struck by a bolt of lightning, picked up for dead and buried alive by his cousin, who knows he is only stunned, Count di Montreux wakes up in the family vault and only by superhuman effort makes his escape to the outer world. In the meantime his cousin succeeds to the title and woos the woman di Montreux loves.

The dreadful experience has so changed the appearance of the Count that he is unrecognizable to his closest friends. He loses his identity and becomes a music master. Word reaches him of his cousin's perfidy, who does not love the girl he has won and wants only her estate. The Count returns and wreaks vengeance on the man who has sentenced him to a living death. Then, by means of the phantom melody which he had played to her in years gone by, the Count realizes that Count is not dead. Her love for him revives.

This is the moorest outline of "The Phantom Melody," the Universal production in which Monroe Salisbury is to appear at the Alhambra theatre tomorrow. Bray's pictograph also latest Current News is also shown.

Paid in Advance.

Gripping situation and scenes, masterful dramatic effects, and all-star cast—these are the attributes that will go to make "Paid in Advance," the new Universal super-production to be shown at the Alhambra theatre, a picture that will remain in the memory of every motion picture devotee.

The locale of the story is the Canadian Northwest, heart of the fur country and Dawson City, Klondike, is the setting during the gold rush to the Yukon region. James Oliver Curwood, an eminent writer of novels and magazine stories wrote the tale that inspired Allen J. Holubar, director of the production, and is screened tonight for the last time together with Phil Lyons and his clever musical boys. There is no advance in prices.

Fair and Warmer.

The Alhambra offers for three days beginning next Thursday, the Metro Production "Fair and Warmer" with May Allison as the star. "Fair and Warmer" as a road show is so well remembered to Newark show goers that it is almost needless to say much about it. It's a special and is only shown at the Alhambra owing to the fact that the management is offering Mary Pickford at the Auditorium for the same dates. There will be no advance in Alhambra prices for this engagement.

AUDITORIUM.

A Remarkable Photoplay. Pauline Frederick's new Paramount photoplay, "Fedora," a picturization of Victorien Sardou's famous play, which was the starring vehicle of Sarah Bernhardt and Fanny Davenport for many years is shown at the Auditorium theatre today. It is in every respect a remarkable photoplay, in which the gamut of the human emotions are run and the dramatic construction of which is unrivalled by any other drama ever written. Miss Frederick is admirably supported by such players as Jere Austin, Alfred Hickman, W. L. Abingdon and other capable screen artists. This feature drew large crowds to the Auditorium yesterday and is screened tonight for the last time together with Phil Lyons and his clever musical boys. There is no advance in prices.

"A Man's Fight."

"It is one of the best dramas I have ever starred in," says Dustin Farnum of his latest super picture, in expressing his satisfaction with all the details of "A Man's Fight." In this new offering, Mr. Farnum enacts the role of the son of an aristocratic family who, through circumstances, pays the penalty for a deed of which he is innocent. These earlier scenes are laid in and around New York, then the action shifts to Sing Sing, and the later part of the play has its location in the West with Dustin Farnum in the role of a successful mine manager. Here adverse fate again takes a hand and love enters into the plot. Some wonderful scenic effects taken at the San Juan Capistrano Mission, in lower California, are said to give a beautiful and spectacular touch to the production. This mission is reported never before to have been filmed. Its inclusion now in "A Man's Fight" being by grace of a special dispensation granted to United Picture Theaters, Inc. After his many pictures in the habitations of a cowboy, Mr. Farnum's admirers will be curious to see him in his present modern evening dress role. This feature is shown at the Auditorium Sunday.

"Heart of the Hills."

Rather than see his sweetheart's mother murdered, Jason Honeycutt shoots his own father in "Heart O' the Hills," adapted from the story by John Fox, Jr., starring Mary Pickford, and which will be shown at the Auditorium theatre, commencing next Thursday. The marriage of the Widow Hawn to Steve Honeycutt was bitterly opposed to the children who knew that the elder Honeycutt's love pleas were nothing more than trickery to enable him to marry the widow in order to get control of her valuable Kentucky mountain lands. This production, Miss Pickford's latest from her own studios of which her mother is the business manager. She has accomplished the unique feat of mixing heart throbs with chum. It is a most delightful manner in this attraction.

"When Bear Cat Went Dry." Charles Neville Buck's great novel, placed on the screen, the story of Kentucky, its feuds, its mountaineers will be seen at the Auditorium next week. A big cast of players and hundreds of real Kentucky mountaineers are seen. There is a big fight scene, a raid by "white caps" which was taken at night and is very effective. This is a big feature and will

be screened at the Auditorium for two days, starting Monday.

GEM.

One of the most remarkable contrasts in character, presented by the same actress in one screen production, is shown by Gladys Brockwell in "Flames of the Flesh," a William Fox picture that is to be presented at the Gem theatre on Monday. Miss Brockwell is seen first as a Puritan maiden of New England, and later as this girl transformed into the leading courtesan of Paris. Nothing more unorthodox can be conceived, but she is equally convincing in both phases of the role.

LYRIC.

The final showing of the Fred Hurley's "On Little Girls" will be at the Lyric theatre this evening. This company has given splendid satisfaction this week. Tomorrow Miss Helen Billings will appear in a film feature "The Heart of Gypsy" and there will be shown a special Christie comedy "Youth and Beauty" and a musical program will be rendered.

All next week the Band Fox Girls musical comedy company

GRAND.

Billy Duncan, Joe Ryan and Miss Edith Johnson in "Smashing Barriers" are at the Grand today. This should be sufficient to warrant a large crowd, for these clever and daring people have won great favor among the movie lovers in this city. In addition there will be shown Snub Pollard in his new comedy and James Aubrey in a Big V comedy, "Squabs and Squabbles." Sunday there will be shown that clever screen performer Mitchell Lewis in a wonderful feature film entitled "Life's Greatest Problem." This is one of the best pictures in which Mr. Lewis has ever appeared. "Bound and Gagged" with George B. Seitz and Marguerite Courtot

Paid In Advance

This tingling drama would not be possible on Broadway, where men wear silk shirts and women hardly that. But up there in the Canadian fur country and in the Klondike it is different. Everything goes there! That's why the heroine decides she will marry the highest bidder rather than take a chance with Gold Dust Barker. There's something about this photodrama that'll "get you."

The cast had to be extraordinary to meet the demands of the story—you'll see Miss Phillips, Priscilla Dean, William Stowell, Lon Chaney, Joseph Gerard and others.
